WIND CASTS 15 FOOT WHALE ONTO QUISSETT BEACH

Nov. 8-28

Four Men Unable to Budge Mammal

A 15-foot whale was cast up on Racing beach in Quissett on election day by a strong west wind. Stranded just below the high tide line the creature weighed so much four men on the rope could not drag it six inches higher. It was recently dead, and showed marks as though it might have come in contact with the keel of a vessel. The body was examined by George M. Grey, curator of the marine biological laboratory at Woods Hole. It was identified as a yearling fin-back whale by an old whaleman, William Robinson, Woods Hole. In the photograph are George M. Gray, R. E. Geggatt, Forrest Johnson and Norman Lumbert.

Mrs. Louis Hazard, 94 Allen street, displays a Civil war flag inherited from her father, Captain William E. Mason, which will be used to drape the Civil war veterans' memorial boulder in South Dartmouth cemetery before its unveiling at dedication ceremonies Sunday at 1:30. Captain Mason's company, E, 58th regiment, was encamped in Virginia when Lincoln was assassinated. The flag was hung at half mast from a flagstaff improvised from a tree, and has been flown at half mast in tribute to every President since who has died in office. It was once captured by Confederates.

Susan A. Selisbury Tent 77, Daughters of Veterans completed plans for the dedication at a meeting last night. All allied orders have been invited to attend, and invited guests include Department President Florence Clogston, Hyde Park; Past Commander President Sadie Wilcox, and Department Aid May Horton, Woburn.

Carols Will Be Sung at Buttonwood Park Tonight

Each night through the Christmas week this tall blue spruce near the birdhouse at Buttonwood park will gleam as the symbol of New Bedford's community Christmas spirit. The decision of Post One, American Legion, and the city officials to use a living tree this season has met with widespread approval. Alderman Henry S. Winslow will turn the switch to illuminate the tree at 7 tonight. Between that hour and 8 the Legion band will give a concert of Christmas carols at the foot of the tree which was illuminated last night to give the community a preview.

Albert D. Manchester, Who Was Born in Westport, Held Town Offices

Albert D. Manchester, many years a prominent citizen of Westport, died Thursday evening at the home of his daughter, Mrs. Nelson Wordell, Little Compton, R. I. He would have been 84 Feb. 14. He had been an invalid more than six years.

Mr. Manchester was born in Westport and lived there as a farmer. He held many town offices, and for a number of years was moderator of town meetings. One of his special interests was the Acoaxet Sunday school of Westport, which he served as superintendent, and with which he was connected from the time the chapel was first built. He was widely known and respected, and bore his illness of late years with fortitude. He went to live with Mrs. Wordell seven years ago.

Another daughter Mrs. Mary A. Sowle, Somerset, and three grandchildren survive.

OLDEST WOMAN OF TOWN DIES

Chatham, Feb. 1—Mrs. Rowena Taylor Crosby, the oldest woman in Chatham, died at 4 P. M. Thursday after a 10 days' illness from bronchial pneumonia. She would have been 96 this month.

Mrs. Crosby was born in North Chatham, the daughter of Mr. and Mrs. Joseph Taylor. She was married to Captain Elijah Crosby, and in her early life sailed with her husband on a number of long sea voyages. Captain Crosby was at various times master of the Stillman B. Allan, the bark Chester and the bark Schamyl. He died about 30 years ago and since that time Mrs. Crosby lived with her daughter, Miss Cora Crosby, in Chatham.

She was active up to the time of her illness, and each day, despite her advanced age, was accustomed to a short walk for exercise. She read a great deal and enjoyed braiding rugs.

She attended the Universalist church.

Her only surviving relative is her daughter. Funeral services will be held at the home Sunday.

LOUIS B. WALKER.

L. B. WALKER, TAUNTON, DIES 12/5/1928

Tenor in Unitarian Church Here for 28 Years Found Dead in Bed

Was Pioneer in Moving Picture Business; Prominent Rotarian

[Special to The Standard]

Taunton, Dec. 5—Louis B. Walker, 64, for 28 years tenor singer at the Unitarian church in New Bedford, a pioneer in the moving picture business in Taunton and prominent throughout New England for his work in the Rotary club, was found dead in bed at his home, 226 Winthrop street, Taunton, this morning. Mr. Walker had been in failing health for about a week, but had been able to be up and fairly active until last night.

He was born in Taunton, the son of Benjamin and Elizabeth Wright Walker, both descendants of old colonial stock. After attending the public schools, Mr. Walker learned the trade of holder in the Dighton Furnace company. His eyes became affected and soon after he lost his sight, forcing him to give up his trade.

He then took up the study of music under George L. Osgood of Boston and Miss Kate Spary of Taunton. His first engagement was with the Weever quartet in Boston. A short time after that he took up his duties as tenor at the Unitarian church in New Bedford. With him in the choir were Miss Spary, Fred Sprague of Brockton, and Miss Katherine Russell, now the wife of Frederic W. Cook, secretary of state for Massachusetts. Allen W. Swan was the organist at the time.

Left Choir Four Years Ago.

Mr. Walker resigned from the choir four years ago and then became associated with the Harmonic Orient Masonic and Louis B. Walker quartet, Taunton.

Many years ago Mr. Walker entered the moving picture business in Taunton with James Donovan, owning and operating the Casino theater. Later the two men formed the Donovan Amusement company which controlled three theaters in this town and now owns and operates the New Park theater and the Auditorium theater.

Mr. Walker had also been in the grocery business in Taunton for many years before his death and was at one time interested in a fleet of coastwise schooners operated by the late Captain Whitman Chace.

George Pettey Brings Down 10 Point Animal in Woods Near Home---Neighbors Help Him Haul It Away---No Laws Govern Taking of Rare Quarry

George Pettey, 76, Sanford road, Westpord, brought down an elk Thursday which he saw chasing the cows in a field near his home. His first shot went through the animal's breast and the second, which was fired after he had followed the wounded beast into the woods, went through its eye. A 600 pound 10 point animal, the elk gave Mr. Pettey a problem when he tried to remove it from the woods. He was forced to call the neighbors for aid and haul it away in a farm wagon.

Since elks are not indigenous to Massachusetts, there is no state law governing the season or manner in which they may be shot: So Mr. Pettey has no fear of Game Warden S. J. Lowe, to whom he reported the find. Mr. Pettey is at loss to explain the elk's presence in the field except to say that it had probably escaped from the Jones elk farm in Middleboro. Neighbors said that they had seen an elk or several elks in the vicinity for the last two months.

POLICE CHIEF COLE HAS HEART ATTACK, DIES AT HIS HOME

May 10. 28

Department Head at Desk Monday—Passing Ends Long Fight Against Illness—Named in 1926

Police Chief William T. Cole died at his home, 1143 Rockdale avenue, at 1 P. M., yesterday, following a heart attack.

At Desk Monday.

Though feeling ill last Thursday, Chief Cole managed to get to his desk at the central station on that day, Saturday, and again Monday. He remained in bed Tuesday under the care of Drs. Frank W. Mathewson and Daniel P. O'Brien.

The chief suffered a severe attack Tuesday night, when it was feared the end was near. He appeared a little stronger, however, yesterday morning. Toward noon, he suffered another relapse and died.

Fought Against Illness.

The career of Mr. Cole as chief has been marked by a determined fight he made against illness. Twice he was forced to seek rest in the South. He benefited little, by the second trip, which he made several months ago.

Deputy Chief Samuel D. McLeod immediately notified the mayor's office of the death of the chief. Mayor Ashley was in Boston and the message was taken by his secretary, Mrs. Laura B. Davis. Flags at all of the police stations were placed at half mast immediately, upon order of the deputy chief.

Born in Sandwich.

William T. Cole was born in Sandwich, April 20, 1869. He came to New Bedford as a young man, and at the age of 25 was appointed a special policeman, serving in that capacity two years, until July 1, 1896, when he was appointed to the regular force by David L. Parker, then mayor. Later promotions given Chief Cole in their order were: inspector, Oct. 1, 1918; captain, March 2, 1926; chief, Dec. 23, 1926.

Virtually all of Chief Cole's patrol duty was out of station five, North End, where he was first assigned when named a patrolman. For years he was a partner in police work to Daniel McDonald, now retired, who saw many years active service in that district.

Scutari or Skodra, Albania. Later she worked for the Red Cross in Roumania and in the devastated regions of France, returning home in 1922. In 1922, she held a position at the famous experimental school in New York—the City and Country school.

While Mrs. Miller's talk about Albania is designed especially for children, it appeals to all ages. She talked to an almost entirely adult audience at the Wanamaker auditorium in New York and got an enthusiastic response. Yet the same talk, also accompanied by songs, held 700 children for 40 minutes. She appears in Albanian costume and sings some of the native songs as well as tells about the lives of the mountain people among whom she lived for so long.

The book, Children of the Mountain Eagle has been acclaimed one of the outstanding books for children of 1927. In the New Bedford library it is popular with the children of ages varing from nine to 12. In its description of mountain life and its charming characterization of child life, it reminds one of the world famous Heidi, by Spyri. The description of the life and customs of the mountain people of Albania make it interesting for adults as well as children.

There will be a display of Albanian material lent by Mrs. Miller in Hutchinson's windows during the week of April 16.

Elizabeth Cleveland Miller Will Lecture at Library April 16

Graduate of High School Here Appears in Costume of European Land

A talk called A Trip to Albania will be given at the Free Public library in the lecture hall, April 16 at 3 P. M. by Elizabeth Cleveland Miller.

Mrs. Miller lived in New Bedford for five years and was graduated as Elizabeth Cleveland from the high school in 1909. Her diploma was inscribed with the cum laude, and she won the first Bourne prize with the paper called The Old House—Yesterday, Today and Tomorrow. Her English teacher was Lydia Cranston and when Miss Cleveland asked her if she thought she could make her living writing she said, "If you could tickle the popular palate." This Mrs. Miller has succeeded in doing, for besides several articles and short stories in the Century, Atlantic and Red Cross magazines she has written a children's book entitled Children of the Mountain Eagle.

Mrs. Miller taught in the private schools of New York from 1911, when she was graduated from the Ethical Culture Training school for kindergarteners, until she went overseas with the Y. M. C. A. Then she worked with the Y canteen service in France and Germany until August following the armistice. She went to Albania and was under the Junior Red Cross in ... the city of

To Anna.

A tablet with its little stone
Will not be scorned I think,
Whereon sweet letters may be writ
In symphathetic ink,
By hand & hand that never tire
In righting their own wrongs,
Or laboring for others good
In quiet, friendly deeds.

Unseen by human eye I know
Some angel keeps above
A record of the life so full
Of peace, good will & love.
And when the light of heaven falls
Upon that page unrolled,
The beauty of that life will shine
Writ with a pen of gold.

BECOMES POLICE PATROL WAGON

This vehicle, which formerly gave North End patients a bumpy ride to hospitals, will now be used as a police patrol wagon. It has been conditioned by Police and Fire department mechanics at a cost of about $400. Police Chief McLeod estimated that had the vehicle been sold, before conversion, it would not have brought more than $150, a junk price. Considering that $3,000 would be necessary for a new patrol, the chief said the saving is "nothing to be sneezed at." Fire department mechanics painted the vehicle, and police mechanics did the overhauling.

June 25 1928

MEMORIAL GATEWAY

The Charles Fremont Foster memorial gateway was dedicated Sunday at Mayflower Hill cemetery, Taunton. The memorial was designed by Louis Lawrence Leach (upper right), sculptor of Taunton. The gateway and fence were erected by the widow of Mr. Foster, Mrs. Elsie L. Foster. For many years Mr. Foster served as park commissioner of Taunton, taking an active interest in beautifying the parks and cemeteries.

Mr. Leach, the sculptor of the Foster memorial designed the bas relief portrait of the late Bishop W. M. McVickar of the Rhode Island Episcopal diocese in the Church house, Providence. That was one of his first notable pieces of work. Mr. Leach has his studio in Taunton.

Equipment Shown in Use

These pictures show some of the new equipment purchased recently by the Water department. Upper, Fordson tractor and harrow used in clearing muck from the shores of the Lakeville ponds. This equipment is of great aid in keeping color out of the water. Superintendent of the Water Department Stephen H. Taylor, explains, for the freer the shores are kept from vegetable matter, the clearer is the water. The tractor, with considerable equipment, was purchased for $2,356. Edwin S. Howes is driving the tractor. Center, Pacific pumper in action, purchased by the department recently. This pumper, which weighs only 70 pounds, is very effective in fighting forest fires. A single or double hose may be attached to it. Lower, John Edwards, John A. Yanak and Antone Mello demonstrate how the pumper and hose may be carried about. There is 100 feet to hose in each of the sacks Mr. Edwards and Mr. Mello are carrying. The pumper cost $475.

Schooner Matthew S. Greer and $9,000 Cargo Reported Total Loss

EIGHT RESCUED ARE TAKEN TO WOODS HOLE

Frank B. Wilbur, Cook and Supercargo, Says Crew Helpless in Gale

The two masted Cape Verde packet, Matthew S. Greer, and a $9,000 cargo are a total loss today in the surf off Kettle cove, Naushon island. The schooner was swept on to the rocks in the gale that raged yesterday afternoon.

Six men and two little girls, five and six years of age, who sailed with the Greer yesterday from this port, were snug at the Coast Guard base at Woods Hole this morning, after bitter hardships endured yesterday before they were rescued by the combined efforts of Naushon residents and a valiant Coast Guard crew from Woods Hole. Everything they had was lost with the schooner.

Feb 3, 1929

Miss Muriel Weeks, Former Tennis Star, Wins Boston Promotion

Miss Muriel Weeks, this city, has taken a position as head nurse at the Peter Bent Brigham hospital, Boston. Miss Weeks was graduated in January from the training school at this hospital.

Miss Weeks is the daughter of James H. Weeks, engineer at the New Bedford Water works. She was graduated from the Betsey B. Winslow school and from the New Bedford High school, class of 1925. After a year spent in the New Bedford Public library, Miss Weeks entered the training school at Peter Bent Brigham hospital.

Miss Weeks, during her attendance at the high school here, won the girl's tennis championship. In 1923, she was an entrant in The Standard tennis tournament, and in 1925, she, with Edward L. Weeks Jr., won the city mixed doubles championship.

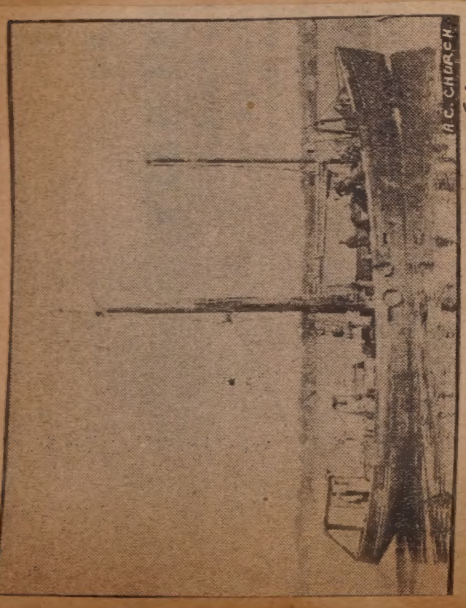
COAST GUARD TO RAISE CRAFT



Feb 28 1929

EMILY H., SUNK OFF RHODE ISLAND.

A special dispatch to The Standard today from Providence quoted Coast Guardsmen at Block Island as expressing hope that the two masted fishing schooner, Emily H., Captain Herman Saunders, New Bedford, which went aground on Sandy Point bar in a heavy fog early yesterday morning, would be raised and towed into the old harbor at Block Island late today. The craft, loaded with a cargo of fish for New York, floated with reverse winds at high tide last night, drifted to the eastward and sank while the crew were all ashore. Her position leads to the belief she can be raised.

Sketch for Union and County Streets Site

Many members of the Unitarian church cherish the hope that in the future a parsonage may be built on the site owned by the church at the northeast corner of Union and County streets. The house which now stands on the site is to be torn down, because the cost of repairing it would be excessive. Nat C. Smith has prepared this sketch plan for a parsonage on the property. Church officials say that the plan for erection of a parsonage is more of a "possibility than a probability."

OLD FAIRHAVEN DEPOT NOW BEING DEMOLISHED

One of town's conspicuous landmarks, erected in 1854, will be leveled within a few days.

Feb. 7, 1929

New Bedford and most of Fairhaven will be surprised to learn this morning that the town across the river is about to lose one of its most conspicuous landmarks, the old New York, New Haven & Hartford passenger station, on Railroad wharf.

With no preliminary advertisement, a wrecking gang from Boston appeared at the station Tuesday, and immediately began to make the bricks fly in the demolition of the building. It is expected that it will be completely leveled within a few days.

Since 1854 the old brick station with the curving roof has accommodated Fairhaven patrons of the railroad, and several generations have used it as the jumping-off point for trips to Marion, Mattapoisett or Wareham, or proceeding to the end of the branch at Tremont, there to transfer for a ride up the division to Middleboro, Brockton or Boston, or, going in the other direction, to Cape Cod.

The news that the building was to be demolished occasioned considerable surprise in this vicinity yesterday. At the Boston offices of the company it was stated that the building was in so dilapidated condition that it would not pay to spend money on repairing it.

The company does not intend to replace the station. It was stated that intending passengers on the line could obtain tickets at the freight station on the wharf; and that the gasoline railway bus that is used for the transportation of passengers would be at the terminal a half-hour before train time, for their accommodation. The statement was made that there are so few passengers there would be no trouble in accommodating them by this arrangement.

The Rev. Herbert M. Hainer Holds Pastorate Record at North Christian

About 500 New Members Are Received in Same Period

The Rev. Herbert M. Hainer, pastor of North Christian church, will observe the 10th anniversary of his pastorate tomorrow, the longest continuous pastorate in the history of the church.

Mr. Hainer came to New Bedford in February, 1919, from Bangor, Me., where he was pastor of First Christian church and dean of the Christian church students at the Bangor Theological seminary. He received his training at McMasters university, Toronto, Can., where he was at the same time pastor of the Christian church from 1910 until 1913. From Toronto he went to Haverhill, where for three years he was pastor of Old South church. He next went to Bangor.

Members Increase 80 Per Cent.

The following notice appears in the church's calendar for tomorrow under the heading: Today the 10th Anniversary of the Present Pastorate:

CAPTAIN A. W. BEALE.

When Former Governor Gifford Pinchot of Pennsylvania sails from New York on March 10 in the Cutty Sark, the vessel in which he is to make a pleasure and scientific cruise to the South sea, a whaleboat built at the Beetle boatyard in this city, will be taken as part of the equipment. Captain A. W. Beale, of the Cutty Sark came here yesterday to make a final inspection of the whaleboat. The former Pennsylvania governor was here himself a few weeks ago to inspect the whaleboat. While here he placed orders for Johnson sea horse motors with Waite and Faunce with which to equip the Cutty Sark and two other boats owned by him.

torate began. This is the longest in the history of this church. What changes 10 years have made! So many of those who were active in our church work are with us no more. Some have moved away, a few have joined other churches in the city but the most of them have gone to their reward. Of the 411 that were then members of the church only 280 are now on our roll. Of the deacons, Elmer W. Brownell, John T. Burbank, who received the pastor and his wife into the church, and George L. Taber have nobly finished their life's work. Many of our true and loyal workers have gone, Mrs. Mary Brownell, Mrs. Elizabeth Swift, Miss Lucy Cushing, Mr. and Mrs. Leonard Keen, Arthur L. Smith and so many others equally faithful. We miss them, but what is our loss is their gain.

It is fortunate that others have come to fill their places. About 500 new members have been received during these 10 years. A large number of these by their faithfulness and the quality of their labors are proving their worth to the church and to the advancement of Christ's kingdom. Our membership is now 80 per cent larger tha nit was 10 years ago.

With the exception of the church school, all of our organizations, now so effectively working, have come into being during this time. The amount of work these organizations are accomplishing and the good they are doing is only known by those actively engaged in the work. It takes time, painstaking work, and the loyal support of the members to make an organization successful. It is the splendid leadership of so many, the fine co-operation of the members of the church and their true consecration to the Lord's work, that has made possible the growth of the church.

SEEN AT WOMAN'S CLUB AFFAIR

Hostesses at the Colonial tea given yesterday afternoon at the New Bedford Woman's clubhouse displayed attractive and interesting old costumes.

(1) Mrs. Charles T. Smith, standing, and Mrs. Allen H. Hersom, seated. Mrs. Smith's gown is a red overdress with antique figured print petticoat, fancy green straw bonnet with roses, and black Chantilly shawl. Mrs. Hersom wears a young girl's short waisted frock of check blue silk, pantalettes trimmed with hand made lace, and figured print apron.

(2) Mrs. Pemberton H. Nye displays her green rep gown and tiny black lace covered parasol. Note the bonnet that ties under her chin. Sitting down among the hoops of the dress proved quite a feat.

(3) Mrs. Frank MacGowan, left; Miss Maude Sumner, seated; Mrs. Morgan Jennings, right. Mrs. MacGowan's dress is taupe brocaded silk; her shawl white Chantilly lace. Miss Sumner, in powdered wig, wears a French print pannier bodice over a purple skirt, and blue enameled jewelry. Mrs. Jennings's short waisted frock is blue and white plaid taffeta, and her bonnet of gingham check taffeta. A rare lace fichu completes the costume.

(4) Mrs. Herbert A. Manchester, standing; Mrs. Norman Renne, seated, represent old fashioned extremes of sobriety and frivolity in dress. Mrs. Manchester's was a sober olive color; her bonnet of plainest white net and lace; her shawl embroidered cream silk. Her companion wears quilted and corded lavender silk and a leghorn hat laden with flowers.

Firemen's Valor Unchanged with New Devices

The life of New Bedford's firemen between fires is not one of idle waiting and ease. To keep their muscles fit for climbing and jumping from place to place in burning buildings and their nerves ready for hazardous runs, they are given a set of rigorous exercises every morning as in picture No. 1. When they go out on the shiny red trucks they do so at the calls transmitted at the switchboard shown in picture No. 2, which is located in the central fire station on Pleasant street. No. 3 Chief Edward F. Dahill has been at the head of the New Bedford Fire department for 25 years. He worked up to his present position from the ranks. No. 4, the pride and joy of the department was this old pumper in the late 90's. It has been superseded by the modern 1,000 gallon motorized pumper (No. 5). A section of the city's manual fire alarm system is shown in picture No. 6. It was a great improvement over the old automatic system when it was installed about a decade ago. No. 7, the modern hook and ladder truck is made in proportion to modern buildings. Carbon dioxide in small hand tanks (No. 8) has become one of the firemen's latest and most effective implements.

HETTY GREEN RIDING IN HER NEW BRIGHT RED $12,800 AUTOMOBILE

Mar 3 '29

A PICTURE FROM THE MAUVE DECADE

Hetty Green early took up motoring as this reproduction from a newspaper of the day shows. The Chicago Tribune, from whose pages it is taken, wrote under the picture: "Hetty Green has an automobile. It is a bright red 20 horsepower one, and cost $12,800. Mrs. Green may be seen frequently riding up and down the Jersey turnpikes either side of Morristown. Her companion on these trips is either her (son, E. H. R.) Green, president of the Texas Midland railroad, or her chauffeur. Thus far she has not been arrested for (speeding. The automobile) costume worn by Mrs. Green is a modest gown of dark material and a black poke bonnet. Here (are her views on) the sport: 'Some people who do not know me or my fondness for progressive as well as practical things (are surprised at) my advocating what some still choose to call a fad. But since my son purchased a motor I have discovered the practical as well as the pleasant side of automobiling.'"

Apparently the storm kept him indoors as no reports of his weekly activities reached police. Mr. Tripp has won several costume prizes as a female impersonator. Both men provided considerable entertainment for policemen both at police headquarters and on the beats they traveled. As the picture indicates, their impersonations were perfect.

Portrait Painted 20 Years to Hang in Fairhaven Selectmen's Office

Memorial Tablet for Town Hall Corridor Not Yet Completed

The portrait of the late John H. Bryant for which subscriptions are being collected by a committee of Fairhaven residents will be hung in the selectmen's office at Fairhaven town hall probably today or tomorrow, according to announcement at the office of the board. The picture, which was painted about 20 years ago by Miss Elizabeth T. Delano, has been framed and awaits only transportation to its final place. The sum which the committee hope to raise for its payment is $200.

Action toward obtaining the portrait has been carried on in conjunction with steps to place a bronze tablet memorializing Mr. Bryant in the town hall corridor. Selectman William Tallman, one of those in charge of the plans, said yesterday the tablet's design and inscription were still incomplete.

The Board of Selectmen was appointed at the last town meeting to choose five additional members and arrange for a fitting memorial for Mr. Bryant. The five selected were Thomas A. Tripp, Judge George N. Gardner, Miss Edith Dana, Miss Mary E. Bradford and Louis Bentley.

Wholesale milk business is to be conducted on a large scale at the John F. Randall farm, Hatchville road, Falmouth, which was recently purchased by Frederick W. Leatherbee. Mr. Randall will remain to supervise the construction of new dairy buildings to be erected at the farm. The above picture shows one of the barns, of 52 cow capacity, already under construction. Mr. Leatherbee will have four new dairy buildings on the farm and his equipment will be of the latest design. Work is being rushed to complete the buildings this summer. The new dairy buildings are close by the Brae Burn farm owned by Robert W. Leatherbee, a brother of Mr. Leatherbee. The two farms will not be used for Robert Leatherbee confines his dairy chiefly to local distribution.

HEART ATTACK FATAL TO LEGLESS ONSET MAN

Charles M. Howes, 72, veteran pencil seller of Onset, died suddenly Sunday afternoon. Death was caused by a heart attack. Mr. Howes was well known in New Bedford as he sold pencils here for many years after a railway accident in which he lost both legs 20 years ago. Mr. Howes was born in Dennis. In 1924, he married his housekeeper, Mrs. Mary E. Chandler. The marriage took place on the 17 birthday of Miss Ruby May Grow, granddaughter of Mrs. Howes.

NEWSBOY HERE 61 YEARS AGO

Feb. 12, 1951

Edward F. Penney, Now 79, Still Reads and Enjoys The Standard

Carried Route of 50 Papers in 1860; Active as Metal Worker

A Standard newsboy of 1860 is added today to the growing roster of long-time residents who are recalling how long they have read and enjoyed The Standard. No need to say that boys would be boys then, just as now.

Edward F. Penney, who is two months past his 79th birthday and still active as a metal worker at 244 South Second street, was the newsboy.

Carried Papers in 1860.

"In 1860," he recalls, "I carried a route of New Bedford Standards, 50 of them. The Standard office then was on Union street and Johnnycake Hill. The founder of the paper, Edmund Anthony, had charge, and George Fox was in the office. We boys had to fold our papers by hand then, before we started on our routes.

"I remember one afternoon two or three of us were going down after our papers. There used to be cast iron hitching posts in front of the houses, with horses heads for tops. We played

leap frog over the hitching posts as we went along, and I caught the seat of my pants in the ear of a horse's head! I had to go home and change my pants, and that made me late with my papers.

"It was nearly 6 when I got around to my customers. I did not have to put many papers in the doors or boxes, for everybody was waiting for me at the door. Each one said, 'Well, what makes my paper so late?'

Tells of New Year's Gift.

"I had to say something, and say it quick, so I said the press had broken down, and got by, but I did not say that it was the press of my pants.

"When New Years came, there was a Mrs. Reed on Chestnut street, who said, 'Well, you have been such a good boy, to put my paper in the door, I will give you 50 cents.' That was a lot of money for me."

Whether the cast iron horses inspired Mr. Penney to his career as a metal worker he did not say, but he closed his narrative by remarking, "I had The Standard then, 70 years ago, and I still am taking The Standard, evening and Sunday, and I will take it as long as I live."

BEAUTY SPOT IN FAIRHAVEN

This iris-bordered pool lends added charm to the handsome sunken gard en at the home of Miss Allie W. Omey, 13 Cherry street, Fairhaven.

The attractive sunken garden of Miss Allie W. Omey at 13 Cherry street, Fairhaven, presents an unusually attractive picture this year and hundreds of visitors have made special trips to view the miniature fairyland. Gorgeous tulips, several rare and unusually brilliant lilac bushes, iris and a variety of other blossoms and flowering shrubs make the yard a veritable mass of color.

The pool in the rear of the yard, housing several rare lotus plants, has been improved since last summer. While the lotus plants have not as yet blossomed, the vari colored iris bordering the pool are in full bloom.

The sunken garden is on the southeast corner of Cherry and Oxford streets, easily seen from the street.
